THE AGRICULTURAL PROSPECTS.—We have remained mum in regard to crop prospects in this section of the State because of their apparent success to the most ordinary observer. We have not reiterated what we supposed everybody knew—that never before in the history of Washoe Co. farming were the crops so promising. Besides, good crops are usual in this section. They never fail of rewarding the farmer's industry. We always have rain enough to ensure fine crops when they utterly fail elsewhere. Our farmers annually feel jubilant over their good crops, and being assured this year of an excess all that worries them now is the fear of a low market. We think such fears can easily be dispelled.

THE Hagerman delinquent list appears in this paper.

THE WEEKLY JOURNAL.

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at $4.00 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

FIRE INSURANCE.—The San Francisco Board of Fire Underwriters have *refused* to throw off the 40 per cent. charged against Reno, notwithstanding this town is better protected against fire—having a steam and hand engine—than any town of its size on the Coast. J. E. Jones & Co. received information yesterday that no reduction of rates would be made. We think that but few risks will be written under the present extortionate rates, except by some Company not a member of the "monopoly."

GEIGER GRADE.—A buggy team came down from Virginia yesterday, over the Geiger Grade, the first that has made the trip for months. The grade is in an awful condition, and in many places the team was compelled to leave the grade and cross the mountains. It will be some time yet before the grade will be fit to travel.

CANTATA.—The oratorio of Esther, the beautiful Queen, is to be given in Marysville, April 10th, 11th, and 12th, under the direction of Prof. D. S. Hakes. The *Appeal* says "the rehearsals continue nightly, and the concert promises to be the most attractive one given in our city." We know how it is ourselves.

MRS. JULIA PRESCOTT, our fashionable milliner, has returned, and if the ladies wish a rare treat they should go and see her window, where they will find the finest, choicest and most select stock in that line which has ever been displayed in this town or anywhere on the coast. *

CINNABAR.—Work has been commenced on the Nevada quicksilver mine in Evans Creek district. This company have the best prospect of any in the State for developing a valuable cinnabar deposit. Its discovery last Fall created an excitement that has not yet died away.

RESIGNED.—Rev. E. C. Arnold, pastor of the Methodist Church here last year, has resigned his charges of Dixon and Binghampton, Cal., on account of ill health. We are not advised as to his future movements.

SWORN STATEMENT.—We have in our possession the sworn affidavit of Mrs. Margaret McCarran that she was not beaten by her husband Patrick last Saturday evening, and that she did not holloa "murder!"

ONE hundred miles of railroad from Reno to Plumas county would open one of the finest bodies of timber in the world and penetrate a country where there are immense but slumbering mineral resources.

THE only fear of the quicksilver miners about Steamboat Springs is, that after following their leads down a certain depth they will reach a point where it is so hot that the metal is all in a vaporous condition.

THERE is no better place in the world for a woolen factory, a paper mill, or half a dozen other manufactories, than can be found on the Truckee river at Reno.

THE SILVER QUESTION.—The discount on silver is becoming more annoying every day, and it is probable our merchants will be forced to adopt some uniform rule.

POPULATION.—The present population of Reno is about 1,700, and it is constantly increasing. There is still room for the traditional one more.

DIED.—Fred Nash, the V. & T. brakeman who was hurt a few days ago, died yesterday afternoon.

MORE SULPHUR.—It is said that some valuable sulphur discoveries have been made at the hot springs, near Truckee mining district, to the eastward of Reno. It is likely that there are deposits of sulphur everywhere in the State where there are either active or extinct hot springs. —*Enterprise.*
